

Job Description: Data Scientist

Job Summary

We are seeking a highly skilled Frontend Developer to join our team. The ideal candidate will have a strong background in frontend technologies with expertise in HTML, CSS, JavaScript, React, and modern UI/UX design principles. You will be responsible for building intuitive, scalable, and high-performance web applications that provide excellent user experiences.

Key Responsibilities

- Design and develop interactive and responsive web applications.
- Collaborate with backend developers and designers to improve usability.
- Ensure the technical feasibility of UI/UX designs.
- Optimize applications for maximum speed and scalability.
- Conduct code reviews and ensure the quality and security of frontend deliverables.
- Troubleshoot, debug, and upgrade software components.
- Implement best practices for frontend development and UI design.

Required Skills

- Proficiency in HTML, CSS, JavaScript, React.
- Strong understanding of UI/UX design principles.
- Familiarity with TypeScript, Redux, and modern state management.
- Experience with REST APIs and integration with backend services.
- Knowledge of responsive design and cross-browser compatibility.
- Excellent problem-solving skills and attention to detail.
- Strong communication skills for collaborating with team members and stakeholders.

Job Description: Data Scientist

Experience

- Minimum of 4 years in frontend development or related field.

Education

- Bachelor's or Master's degree in Computer Science, Software Engineering, or a related field.

Preferred Qualifications

- Experience with Next.js, Vue.js, or Angular.
- Familiarity with Webpack, Babel, and frontend build tools.
- Knowledge of UI testing frameworks like Jest, Cypress, or React Testing Library.
- Understanding of Progressive Web Apps (PWAs) and modern web technologies.

How to Apply

Interested candidates are encouraged to submit their resume along with a cover letter detailing their experience and suitability for the role.

Join us in creating innovative web experiences. Apply now to be part of a team where your frontend expertise makes a real impact!
